

PUFFALO LOUNGING

COLLECTION

Celebrating the horizontal life, DIDIER's Puffalo modular range speaks of cool bohemian chic. Like the love child of Moncler and Jaguar's E-Type, the Puffalo just begs you to lounge. Flop down, chillout and feel yourself descending into slow motion.

"I liked the idea of having a slow and languorous feel to the range, using premium quality materials that creates the feeling of billowing cushions on the floor. Something for the free and easy generation, who just love to be close to the ground. It might bring back memories of lazy afternoons playing records, flicking through magazines and just doing whatever ..."

PUFFALO exemplifies laid-back style with sensuous and elongated proportions. Defined by a modular range of twenty curvaceous forms that can be configured and reconfigured in a myriad of ways, PUFFALO is designed as evolving lounge terrain,

shifting and reshaping to accommodate individual rhythms and personal style, adapting from the largest of living rooms to the smallest of statement pieces.

Its elegant design engenders collaboration and freedom of imagination to configure unique upholstery landscapes that become statements of artistic expression. Sexy in leather. Bohemian in velvet. Playful Pattern. Make it your own.

PUFFALO comprises modular lounging, ottoman, and extended chaise pieces, that can be assembled together with unique joining kits and layered with Puffalo loose cushions. Hand-made to order in Melbourne and providing an exceptional level of craftsmanship, comfort and support.
