

TILLER OAK

COLLECTION

An ode to bucolic scenes of industrial machinery in the natural world, TILLER OAK's soft angular structure references historic farming ploughs of old. Each piece takes its cue from those rusted, yet striking examples of engineering complexity that Ross Didier discovered in the English countryside near Gloucester.

Whether it's the gently sloping angles of the TILLER oak chairs or the trapezoidal legs of the lounge chair elegantly tapering towards the seat, the TILLER OAK seating fuses heritage roots with a contemporary aesthetic.

Designed to place master craftsmanship at the fore with expertly concealed joints, precision-moulded veneers and custom upholstery, every detail in the TILLER OAK range invites a closer look.

TILLER Oak is a collection of chairs, counter stools and lounge chairs. A complementary seating range for the TERRA FIRMA tables, TILLER OAK seating is characterised by fluid timber frames in solid, sustainable oak, harmonized with fabric and leather selections.

CARE INSTRUCTIONS:

- Dust and vacuum upholstery regularly to remove dry dirt and dust.
- Dust and wipe wooden legs with damp cloth.
- Fabric and leather companies have their own 'care and maintenance' instructions for each product.
- Didier recommends always reading the label of any cleaning products and not using cleaning agents containing abrasives or solvents.

ENVIRONMENTAL STATEMENT:

At Didier, we believe good design should enhance life without costing the earth. Our work is rooted in responsibility - sourcing sustainable materials, minimising waste in production and collaborating closely with skilled makers, prioritising ethical supply chains. We design for longevity, creating enduring pieces that stand the test of time. To us, sustainability is not a trend, but a guiding principle, that is woven into every stage of our artistic process and every original idea we bring to life.
