

# MOBILIA

## COLLECTION

Cantilevered float. MOBILIA nods to the enduring language of modernist architecture with a study in perfectly weighted structure, restraint, and balanced proportions.

Intoxicated by the endless possibilities offered by engineering technology, this 20th century design movement was primarily driven by its intended purpose and use - emphasising functionality and clean lines, with key characteristics including flat roofs, open floor plans, and large windows.

Grounded by a disciplined use of geometry and materiality, MOBILIA is defined by its cantilevered ends and achieves a striking sense of lightness and suspension, with finely bevelled, extended planes.

The shark-nosed edge detail around the tabletop further accentuates MOBILIA's floating effect, tapering the solid form into a visually weightless gesture.

MOBILIA's elegant functionality serves residential, hospitality and commercial settings. Made to order in American Oak combination at three different sizes, with the option to customise and stain to colour.

3000 W x 1200 D x 730 H

### CARE INSTRUCTIONS:

- Dust and wipe timber frames with a soft, damp cloth.
- Gently clean any marks with a soft dampened cloth then dry.
- Avoid areas with heat, direct sunlight and moisture fluctuating temperatures.
- Didier recommends always reading the label of any cleaning products and not using cleaning agents containing abrasives or solvents.

### ENVIRONMENTAL STATEMENT:

At Didier, we believe good design should enhance life without costing the earth. Our work is rooted in responsibility - sourcing sustainable materials, minimising waste in production and collaborating closely with skilled makers, prioritising ethical supply chains. We design for longevity, creating enduring pieces that stand the test of time. To us, sustainability is not a trend, but a guiding principle, that is woven into every stage of our artistic process and every original idea we bring to life.
