

BENSON

COLLECTION

Allow me to introduce you to Benson - a paragon of discretion and refinement.

Offering a distinct silhouette and confident geometry the BENSON table collection is a homage to the humble valet - discreet, well dressed, unfailingly polite and highly intelligent.

BENSON'S subtle shifts in proportion, flush-corner legs, and finely articulated joints speak to a high level of resolution and fine detailed expression.

Built in oak, its composition is defined by robust inset rails that provide structural integrity whilst visually recessing into the form, enhancing BENSON'S timeless confidence and bringing lightness to the overall design.

Equally at home in a dining room or boardroom, BENSON offers versatility and visual consistency. Made to order in American Oak combination across a broad range of sizes, with the option to customise and stain to colour.

ENVIRONMENTAL STATEMENT:

At Didier, we believe good design should enhance life without costing the earth. Our work is rooted in responsibility - sourcing sustainable materials, minimising waste in production and collaborating closely with skilled makers, prioritising ethical supply chains. We design for longevity, creating enduring pieces that stand the test of time. To us, sustainability is not a trend, but a guiding principle, that is woven into every stage of our artistic process and every original idea we bring to life.
