

OASIS SERIES

COLLECTION

Come together. Creating a place to gather and share is what matters. The OASIS table collection evokes the quiet strength and symbolism of its namesake - a place of pause, connection, and renewal. Anchored by a distinctive round base, the single-column structure offers visual clarity and spatial efficiency.

Finished in a refined palette of durable powder-coated colours, each base and top is connected by a high pressure, die cast top bracket - a detail that signals DIDIER's ongoing commitment to premium fabrication and engineered longevity.

OASIS is restrained, yet social, offering a grounded centrepiece for shared moments in residential and commercial settings alike.

The OASIS collection includes bar, side and low height tables, in black or white as standard, and custom finished to multiple colours by request.
