

PLANAR

COLLECTION

Straight up design. In a world full of noise, PLANAR speaks in clarity. This is a table range pared back to its essence — streamlined, crisp forms, and a bold graphic presence.

There are no flourishes here. No distractions. Don't be fooled by its commonplace appearance. There is more to PLANAR than meets the eye. It is rigorous not rigid. Simple not simplistic. A confident narrative for a straight-edged, graphic, minimal table range that embraces simplicity without falling into monotony.

PLANAR tables are minimalism and muscle. Flush corner legs and a rebating line define a pure linear form whilst robust internal connections mean that this table range can take a real beating.

From workstations to retail environments, from design studios to domestic settings, PLANAR is a proven workhorse, with all the signature DIDIER refinement.

PLANAR is made to order in a range of different heights as tables, seating benches, coffee tables, counter stations and high bar tables, offered in a wide range of square or rectangular sizes, and optional finishes.
