

# TanGuor

## COLLECTION

TanGuor honours the perfect, yet fleeting stage of day, when everything is bathed in a golden hue, and the universe slows in motion. A mystical time for easing back into the late afternoon's ambient light.

Warm stone courtyards of sun-bleached Moroccan riads, bathed in honeyed light - this is where the evocative TANGOUR collection finds its muse. With references to long, languorous afternoons and alfresco entertaining, this collection captures the essence of an elevated outdoor lifestyle in its most refined form. It's a celebration of contrast - crisp, architectural silhouettes paired with the raw tactility of hand-finished teak.

Every TANGOUR piece is masterfully crafted with a slatted timber structure fabricated from responsibly grown plantation teak, quick drying exterior grade foams, marine-grade stainless steel fittings and upholstery in premium outdoor fabric, with broad French seam detailing.

Low-lying tabletops in textured marble complement the range with warm, earthy-toned accents.

The TANGOUR collection invites designers to treat the outdoors as a dynamic extension of the indoors and just as eloquently welcome the pieces indoors to evoke an outdoor mood.

Comprising modular lounge chairs, arms, ottomans, low tables, sun loungers, and umbrellas, that can stand alone as individual pieces or be joined together, creating extended seating lengths, and bespoke grouped configurations in unlimited L-shaped and U-shaped sizing.

Rigorous attention to design and manufacture ensures that TanGuor is extremely durable for all outdoor environments, throughout all the seasons.

## CARE INSTRUCTIONS:

- Dust and wipe upholstery with a soft, damp cloth.
- Dust and wipe timber frames with a soft brush.
- We recommend protecting your umbrella with a cover-bag when folded up to prolong its life.
- The umbrella fabric should be completely dry before covering.
- Premium Teak does not need regular treatment because it is extremely stable and resistant to decay, even when exposed to extreme weather conditions. Left untreated, it will patina to a silver-grey colour over time and remain in excellent condition.

## ENVIRONMENTAL STATEMENT:

At Didier, we believe good design should enhance life without costing the earth. Our work is rooted in responsibility - sourcing sustainable materials, minimising waste in production and collaborating closely with skilled makers, prioritising ethical supply chains. We design for longevity, creating enduring pieces that stand the test of time. To us, sustainability is not a trend, but a guiding principle, that is woven into every stage of our artistic process and every original idea we bring to life.
