

FABLE OUT

COLLECTION

Didier's FABLE now tells an outdoor story.

The original collection was conceived as a contemporary homage to cottage craft, defined by the evocative warmth of solid oak. In an inspired retelling, the FABLE Outside range is carefully re-imagined for the great outdoors ... and maybe a life in the woods.

The new additions to the family matches the original essence with its quiet and understated character, but elevated with a bold, refreshed soul.

Resilient aluminium, hardy stainless steel and sand cast forms are expertly crafted by hand as well as by machine, to ensure that each piece faithfully retains the pleasing proportions, satisfying weight and distinct personality of the initial range.

With a complete family of chairs, stools and, bar and dining tables available in confident powder-coated hues and seat pad options, the FABLE Outside collection brings character with sophisticated simplicity to any exterior space and is robust enough to withstand the harshest of elements.
