

CATERPILLA SERIES

COLLECTION

Space-adaptor. Transformative in nature — a caterpillar evokes the idea of evolution, adaptability or potential for change. This table responds to all three, offering adjustability in form, versatility of use, as well as visual consistency.

The CATERPILLAR table range is a refined series of tables, bar tables and low tables, presented with smart radius corners and a characteristic footprint that balances softness with structural clarity. Steel components and a die-cast top bracket, underscores the range's high-quality

fabrication and durability. Available in multiple sizes and formats, Caterpillar offers versatility in its modularity and minimalism, without compromising on its identity.

CATERPILLAR is offered in table, bar, side and low heights, black or white as standard, and custom finished to multiple colours by request. Tabletops in laminate and timber finishes.

MATERIALS	FINISHES	FEATURES	WARRANTY
Steel & Cast Aluminium. American or Tasmanian Oak. American or Tasmanian Oak veneer / EO MDF. Laminated Board / ABS edging. HPL compact laminate.	Black or white powdercoat as standard. Laminate. Timber veneer. Solid timber. Other materials/finshes considered by request.	Centre column offers maximised seating positions at multiple heights. Tabletop options in veneer, laminate & solid timber. Sophisticated cast aluminium top bracket. Durable fabrication with felt feet for stabilisation. Outdoor treatment available by project request. CARE INSTRUCTIONS:

- Dust and wipe bases with a soft, damp cloth.
- Gently clean any marks with a soft dampened cloth then dry.
- Didier recommends always reading the label of any cleaning products and not using cleaning agents containing abrasives or solvents.

ENVIRONMENTAL STATEMENT:

At Didier, we believe good design should enhance life without costing the earth. Our work is rooted in responsibility - sourcing sustainable materials, minimising waste in production and collaborating closely with skilled makers, prioritising ethical supply chains. We design for longevity, creating enduring pieces that stand the test of time. To us, sustainability is not a trend, but a guiding principle, that is woven into every stage of our artistic process and every original idea we bring to life.
