

CONNECTED

COLLECTION

Dapper and upright, nipped and tucked. This compact collection has all the Mod subculture without the retro. Conceived of as an invitation to connect and collaborate, the CONNECTED sofa is a conversation starter. And with all the focus on that upper body - we felt it also needed a good pair of legs.

The CONNECTED collection is defined by classic shapes and quiet confidence with embellished legs that elevate each piece from the ordinary to the sophisticated. A fluid aesthetic of extruded rails seamlessly extend from precision diecast corner legs, pairing perfectly with tailored upholstery that cuts smartly around radius corners. This is a collection that distinguishes itself from its try-hard commercial counterparts.

Manufactured locally in Melbourne for a sharp and modern look and using high quality and ethical materials including life endurance steel springs, Eco Select Australian hardwood and GECA certified foams.

CONNECTED is a flexible family of seating comprising sofas, banquette, back-to-back, ottomans, low tables, private work-nooks and high back booth designed for conversation, focus and rest. An exacting and intelligent mix of originality, modern appeal and well-cut design.

MATERIALS	FINISHES	FEATURES	WARRANTY

CARE INSTRUCTIONS:

- Dust and vacuum upholstery regularly to remove dry dirt and dust.
- Dust and wipe legs with damp cloth.
- Fabric and leather companies have their own 'care and maintenance' instructions for each product.
- Didier recommends always reading the label of any cleaning products and not using cleaning agents containing abrasives or solvents.

ENVIRONMENTAL STATEMENT:

At Didier, we believe good design should enhance life without costing the earth. Our work is rooted in responsibility - sourcing sustainable materials, minimising waste in production and collaborating closely with skilled makers, prioritising ethical supply chains. We design for longevity, creating enduring pieces that stand the test of time. To us, sustainability is not a trend, but a guiding principle, that is woven into every stage of our artistic process and every original idea we bring to life.
